

Wouldn't it be nice to introduce our children to a safe world while having fun – to take them on a journey through everyday life, testing their knowledge on everyday situations?

Using the TCK (Take Care Kids) board game and the 6 TCK characters, you will be able to educate your children on a whole range of safety issues, both inside and outside of the home.

How to play...

The game may be played with 4 teams of children, or as individual players. An adult asks the questions and the children confer (when working in teams) offering the answer they believe to be correct. This allows you to educate your children and assess their knowledge on particular Health & Safety topics identifying any specific knowledge gaps.

All of the questions and answers have been thoroughly researched and checked by the Education Authorities, HSE and Emergency Services.

The game has been tested in several schools to check it's conformity with the national curriculum.

Topics Covered...

- Drug/Solvent Abuse
- Stranger Danger
- Internet Awareness
- Hobbies
- Bullying**
- General Play
- Cycle Safety
- Road Safety
- Nutrition
- Electrical Safety
- Water Safety
- Racism**
- Safety Signs
- Basic First Aid
- Fire/Firework Safety
- Emergency Procedures

...and many more!

TCK can be used in schools and homes alike...
